Background and Context

Who is Lori Brighton?

Lori Brighton is an acclaimed artist and conceptual storyteller renowned for her innovative use of mixed media and interactive installations. With a career spanning over two decades, Brighton?s work often interrogates the intricacies of identity, memory, and perception. Her approach typically involves engaging viewers directly, encouraging introspection and dialogue about the nature of

consciousness and reality.

The Inspiration Behind ?The Mind Games?

Brighton?s "The Mind Games" emerged from her fascination with the human mind's capacity for deception, projection, and self-delusion. Drawing inspiration from psychological experiments, cognitive biases, and neurological studies, Brighton seeks to visualize the unseen processes that govern our thoughts and perceptions. The project was conceived during her research into mental health, cognitive psychology, and the ways in which societal influences shape individual realities.

Concept and Themes

Core Concept

At its heart, "The Mind Games" is an exploration of the internal battles that define human experience. Brighton posits that the mind is a playground of illusions, where perception often conflicts with reality, and subconscious influences manipulate our understanding of ourselves and others.

Key Themes Explored

- Perception vs. Reality: How our senses and cognitive biases distort the truth.
- Memory and Forgetfulness: The fragile and malleable nature of recollection.
- Identity and Self-Perception: How internal narratives shape who we are.
- Manipulation and Control: External influences and internal defenses that govern behavior.
- Psychological Warfare: The subtle battles within the mind, often invisible to others.

Brighton emphasizes that these themes aren't isolated but interconnected, creating a layered narrative that invites viewers to reflect on their own mental processes.

Artistic Execution and Techniques

Visual Aesthetics

Brighton?s signature style in "The Mind Games" combines surreal imagery, stark contrasts, and symbolic motifs. The project employs a mix of mediums, including:

- Mixed Media Installations: Combining digital projections, sculptures, and interactive elements.
- Photographic Works: High-contrast black-and-white images juxtaposed with vivid color

fragments.
- Video Art: Short loops and looping videos that emulate the cyclical nature of thoughts.
- Textual Components: Incorporation of cryptic texts and fragmented narratives.

The overall aesthetic is intentionally disorienting, mirroring the chaos and clarity within the human mind.

Interactive Elements
